MISSION CONNECTION

TREATMENT OUTCOMES

PARTIAL HOSPITALIZATION / INTENSIVE OUTPATIENT PROGRAM

Mission Connection, is an outpatient mental health program that supports clients who may be struggling with anxiety, depression, and mood disorders. Our program allows clients to connect with their clinical team seamlessly, regardless of their location or schedule. Whether they prefer in-person sessions or the flexibility of online therapy, Mission Connection ensures that they receive the support they need, when and how it suits them best.

MISSION CONNECTION

CLIENT DIAGNOSIS

At Mission Connection, understanding our clients' diagnoses is key to providing effective care. With over half dealing with depressive disorders and others experiencing bipolar disorder, thought disorders, anxiety, and trauma-related disorders, we recognize the multifaceted nature of their challenges. This understanding enables us to address their unique concerns effectively, ensuring impactful support for their mental health journey.

Depressive Disorders	60%
Bipolar & Other Related Disorders	20%
Thought Disorders	8%
Anxiety Disorders	6%
Trauma & Stressor-Related Disorders	3%
Other Classifications	3%

AMFM HEALTHCARE

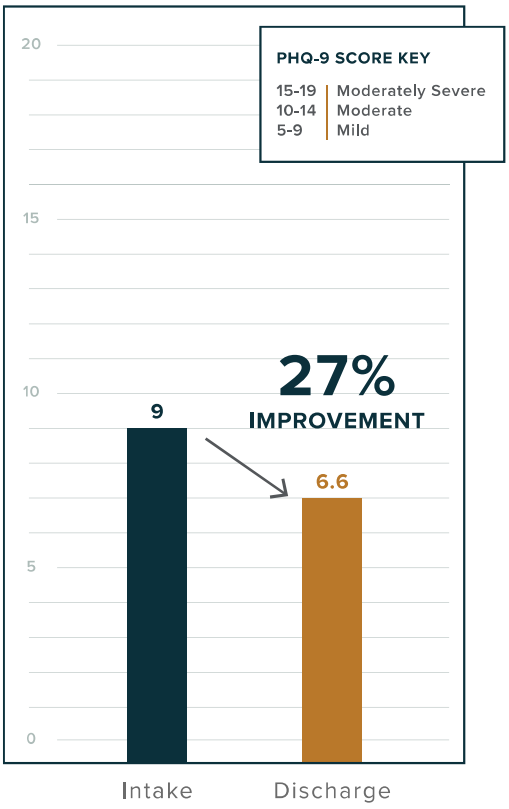

DEPRESSION

Mission Connection integrates various modalities to support clients in managing depression. Given that clients in this program typically present with less acute symptoms, achieving a 27% reduction in depressive symptoms by discharge is particularly significant.

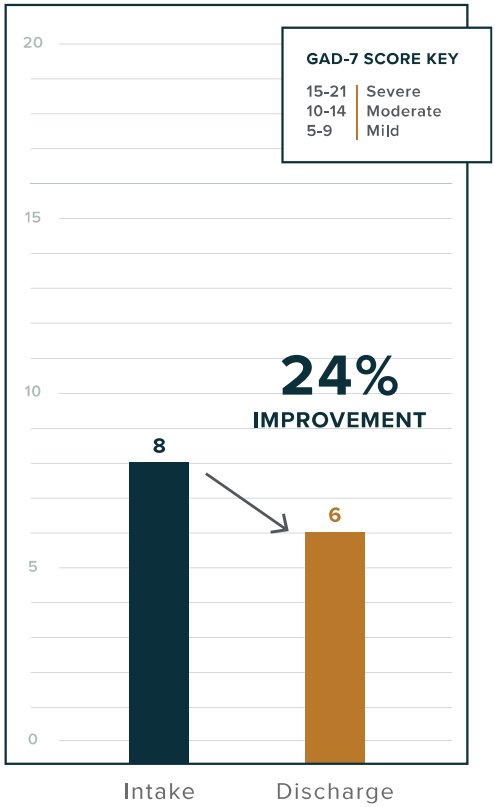

DEPRESSIVE SYMPTOMATOLOGY

As per the PHQ-9 administered in a clinical setting

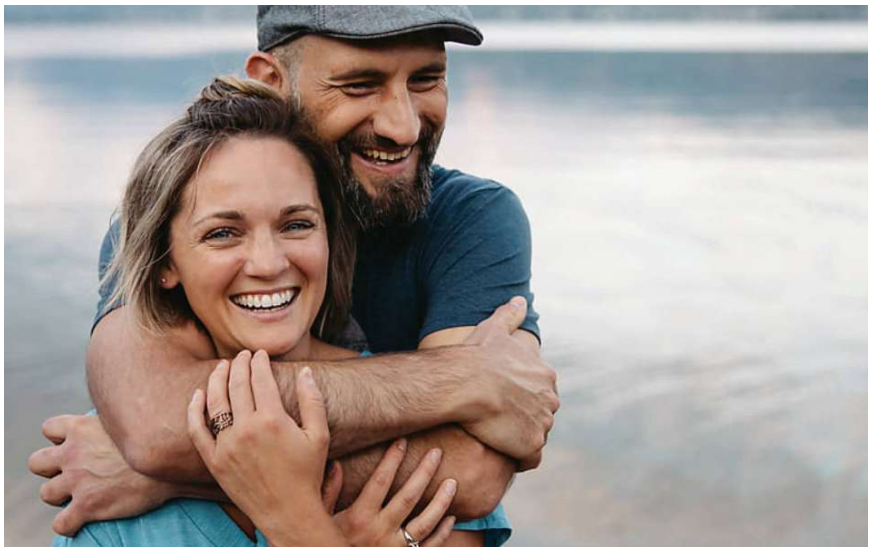

ANXIETY SYMPTOMATOLOGY

As per the GAD-7 administered in a clinical setting

ANXIETY

We integrate various modalities to support anxiety management. Considering that clients in this program display less acute symptoms, the attainment of a 24% reduction in anxiety symptoms upon discharge is remarkable.

MISSION CONNECTION

CLIENT SATISFACTION

Our client satisfaction survey demonstrates the outstanding quality of care we offer to our clients at Mission Connection. Our program is grounded in the latest research and best practices and our treatment approaches are thoughtfully designed to meet the unique needs of each individual. The overwhelmingly positive feedback from our adult clients, all reporting 90% and above for each question, speaks volumes about the effectiveness and relevance of our program in addressing their mental health concerns.
